

MASTER JAN LEESE

Master Jan Leese is the founder of 'The Qi Consultant' based in Queensland, Australia.

Born in Central Africa, Master Jan Leese was always curious, observing nature's cycles and noticing how the environment affects us all. Her inquisitive mind eventually led her to pursue and study Chinese Metaphysics from as early as 1993. She eventually became an Accredited Feng Shui Master in 2019. Receiving the accreditation from the Grand Masters of IFSA is one of the main highlights of her life.

Studying under many wonderful Grandmasters and Masters has given Master Jan Leese a handy toolbox to find different solutions for each and every feng shui consultation. To Master Jan Leese, helping people to understand the power of time and space through feng shui and astrology, and improving their lives in the process is what she loves to do.

Master Jan Leese is an Executive Committee Member of the IFSA Australia Chapter and the Keynote Speaker at the 2022 Australian Conference. She is also a columnist for a popular North Queensland magazine and has been interviewed on radio and television.
