

Master CRISTINA GROZA

A science complementary to architecture – that is how Master Cristina Groza, an architect by training and Feng Shui specialist, approaches the field of Feng Shui.

Graduated in interior and furniture design from Mincu Architectural Institute, Master Cristina discovered her passion for Feng Shui 18 years ago during college years, and had since embraced a unique approach to the concept of space, seamlessly integrating both Architecture and Chinese Metaphysics.

Mentored directly by the internationally renowned Grand Master Raymond Lo in the fields of Feng Shui, Destiny and I Ching, Master Cristina was the first Romanian accredited with title “Master” by International Feng Shui Association (IFSA) in 2011. Her profound understanding of Feng Shui made her highly sought-after by celebrities, prominent companies, and has been extensively featured in various media outlets and prestigious magazines such as Forbes.

In 2012, Master Cristina initiated a pilot training program designed specifically for young individuals, provides them with valuable knowledge of Feng Shui and Destiny, as well as the opportunity to discover their potential through the perspective of Chinese Metaphysics.

Currently under the brand name “Cristina Groza Feng Shui and Bazi Academy”, the only accredited Feng Shui Academy by IFSA in Romania, Master Cristina Groza conducts Feng Shui and Four Pillars of Destiny comprehensive courses and training programs. Her fusion background sets her apart as trailblazer in the industry, bringing a holistic approach to her consultations and training programs, enriching the lives of countless individuals and transforming spaces to promote harmony, prosperity, and well-being.
