Edgar's Feng Shui course has changed my view towards Feng Shui forever and lift my Feng Shui business to another level. I am so very honoured to have the chance to learn from a true Master, who is humble, a man with few words but each of them are true wisdom. If you ever want to do a Feng Shui course, this is it! This is the kind of Feng Shui we need to learn and educate to the mass, because it is changing people's lives on a very grounded and practical level. Most importantly, it produces accurate results in a very short period time. 10 out of 10.

Master Edgar is a true lineage holder of SAN YUAN YUAN GUA FENGSHUI. I have been learning fengshui for more than 30 years. When I learn his fengshui, I just realised that I had wasted 30 years of my time spent without knowing this fengshui. Its is really the most accurate n predictive type . It was able to point out things that all my previous knowledge can't do it. I introduce his knowledge in my consultation after learning from him. The world of fengshui opened to me . I was able to see more thing and at the same be able to solve more problems foe my customers. I fill very indebted to Edgar for his willingness and unselfishness in spreading this fengshui knowledge. My conclusion to every practitioner, if u miss this fengshui in this life, you really have missed out something in your pursuit of fengshui.
