About the rates

Rates marked “live price” are pulled directly from Google Maps (late August 2026); the others are **estimates**, for a standard room/night. Actual rates vary by season, availability, and whether the **IFSC2026** group code is used — we recommend confirming directly with each hotel, well in advance.

Alternative accommodation · Apartments & Airbnb

For delegates who prefer an apartment, in the same area (Calea Victoriei – Ateneul Român) we saw indicative Airbnb prices between **1,000 and 2,800 RON** / night, depending on size and amenities — a snapshot from a recent search, not a fixed offer.
